

REMARKS

Claims 1-27 are pending, claims 14-16 of which stand withdrawn. By this Amendment, claims 1, 2, 9, 13, 17, and 23 are amended.

Applicant appreciates the Examiner's allowance of claims 1, 8, and 10-12.

Claim 1 is amended to replace the term "large parts" with the term "a large part" to provide proper antecedent basis for the term "said part" in claims 2-12.

Claims 2-7, 9, 13, and 17-27 were objected to based on various asserted informalities. As suggested by the Examiner, Applicant has amended claims 2, 9, 13, 17, and 23 as follows:

Claim 2 is amended on line 3 to insert --:-- after "including".

Claim 9 is amended on line 2 to replace "provided" with "providing".

Claim 13 is amended on line 20 to insert --:-- after "including".

Claim 17 is amended on line 19 to insert --:-- after "including".

Claim 23 is amended on line 19 to insert --:-- after "comprising".

Applicant respectfully traverses the Examiner's objection to the use of the term "of" in claims 2, 13, and 17. Claims 2, 13, and 17 recite, *inter alia*, an integrally formed radiator and light support structure, which comprises a radiator frame portion and light receiving recesses. Thus, claims 2, 13, and 17 define that both portions of the support structure, namely the radiator frame portion and the light receiving recesses, are formed and the apertures are formed in the radiator frame portion and in the light receiving recesses, respectively. Therefore, Applicant respectfully submits that no correction is required and the claims are in condition for Allowance. Applicant therefore respectfully requests the withdrawal of the objections to claims 2-7, 9, 13, and 17-27.

In view of the foregoing, it is respectfully submitted that the Application is in condition for Allowance. Favorable reconsideration and prompt Allowance of the Application is earnestly solicited.

Should the Examiner believe anything further would be desirable in order to place the application in better condition for Allowance, the Examiner is invited to contact the undersigned attorney at the telephone number listed below.

Please charge any fees associated with the submission of this paper to Deposit Account Number 033975. The Commissioner for Patents is also authorized to credit any over payments to the above-referenced Deposit Account.

Respectfully submitted,
